

## **Who is Jesus?**

Part 11: Our Only Hope

### Discussion

*Read Philippians 2:5-11*

Focusing on verses 5-11, take time to identify and celebrate what God in Christ did to save us from our sins.

*Read Philippians 2:12-13*

This command comes immediately after Paul's beautiful description of what God has done in Christ to make us His. To "work out your salvation" means to live out the salvation God has granted you in Christ.

Why should this be our response to God's love toward us in Christ?

*Read Philippians 2:14-18*

What, specifically, will our lives look like as we live out the salvation God has purchased for us in Christ?

How do these commands relate to verse 5?
